

Free Tools for Community Organizations

Access Open Search

The findhelp.org search has food, housing, health, and more than 100 program categories. Self-navigation on our platform is private, secure, and easy to use.

Update Your Program

Help people connect with your organization by ensuring your program listing information is accurate.

Select an Intake Tool

Select an intake tool (referrals, screener, scheduler) that matches your existing workflow and organizational needs.

Send and Receive Referrals

View your program referrals, eligibility screening results, appointment details, and referral status updates, and send referrals to other Organizations in your community.

Create Custom Screening Forms

Spend less time qualifying and more time helping people by creating custom screening forms.

Display Your Eligibility

Display eligibility requirements directly on your listing, so people can easily see whether they qualify for your programs.

Report on Impact

Access data reports about your services, locations, and programs to gather insights and show the impact of your programs in your community.

Share Access With Your Team

Add team members and share access to findhelp tools. Create favorite folders, share notes, and follow up effectively, in one place.

Receive Ongoing Support

Connect with our local team members who provide free training and support with workflow design, best practices, detailed how-to's, and more.

About findhelp.org

We make it easy for organizations to connect to and follow up with care. From food assistance to help paying bills and many more free or reduced-cost programs, our search is an easy way to get services, connect people to what they need, and quickly follow up. Visit findhelp.org to get started.
